HAPPY BIRTHDAY ARIA

We celebrated Aria's 2nd birthday on March 27. She is getting too big. I want to thank all of you who sent her a card wishing her a happy birthday. She was so excited to see them come in the mail and couldn't wait to rip them open. For days after, she was still caring the cards around singing "Happy Birthday".

BLESSED

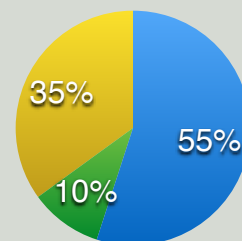

I am reminded of a recent missions conference we were involved in. The speaker recalled a time when he was down and needed someone to lift him up. He called his pastor, who did not really give words of encouragement, but simply asked if he had truly prayed about his situation. Then the pastor hung up the phone.

Our last prayer letter we wrote our percent hadn't change and we were going through such a time as the speaker recalled. During this past month we have asked many of you to join us in prayer for our passports and more partners. I am pleased to report that God has answered the combined prayers on both accounts. We received Aria's passport, and we are now able to move forward with obtaining the rest of our paperwork to be submitted for our visas. We have, also, increased in our partnerships and have gain another 5% of our monthly support. Thank you for all your prayers and sacrifices to get us to Italy where the lost are waiting for the gospel.

PROJECT 1012

We have had a few pastors inquire about Project1012 and have asked us to put it in the prayer letter. Project 1012 is our way to fund our moving cost. We have created a short video at project1012.org that details our plan. Simply, we are asking for your Sunday schools to raise \$10 for 12 months or 1 time gift for moving expenses.
