First Service in Italy

It was all worth it! After a long deputation process attending our first service in Italy made it all worth it. God has really been moving in Florence, and it was the most amazing feeling to be apart of what He is doing this past Sunday.

Prayer Requests

1. Finding an apartment
2. Learning language & culture
3. There will be spots open for the girls in the public schools
4. Financial Support

Support

7 more financial partners needed! The remaining monthly support needed is to help pay the **rent and utilities** on an apartment. Email us if you are interested in partnering with us, in Engaging Italy, long term or even short term (the first 2 years we are in Italy).

We Made It!

After checking in *all* our luggage, 2 layovers, and 15 hours of travel time we finally made it to Florence!!! What an incredible feeling to step off the plane in the place God has been leading us toward for the past 10+ years. Once here we got moved into our temporary housing, and immediately began the process of getting our “Residency Permits” as well as our tax numbers (which are needed to rent an apartment). We are now on the hunt for an apartment, which is a much slower process here than in the States. On average rent is about \$1300-\$1500/month. Pray that God will provide the perfect home for our family, as we serve.

On the Go

In the past week and a half we have had the privilege to participate in Mens Leadership Training, Women’s Prayer Group, as well as a Bible Study. This has given us the opportunity to begin building relationships with people, saved and unsaved. Keep us in your prayers as we continue to build upon these relationships.
