## Relationship Building

Through the church we have begun a friendship with a gentleman, Michele, that as far as we know is not saved. He has invited us into his home, this week, to have dinner and to meet his family. Our goal is to build a relationship with him and his family, so that we can present Christ to them. This week will be the first step.

## Prayer Requests

1. Apartment set up
2. Learning language & culture
3. There will be spots open for the girls in the public schools
4. Financial Support
5. Michele salvation

## Support

**7 more financial partners needed!** The remaining monthly support needed is to help pay the **rent and utilities** on an apartment.

## Active

God has given us the opportunity to have an active role in the ministry while the Wilbanks are on a short furlough. This past week Scott began preaching and leading a Bible Study, while Dominique led the Kids Ministry and Women's Prayer Meeting. This has opened doors to share the Gospel, as well as continue to build relationships with the Italian people. Pray for us as we continue to serve in this capacity throughout the summer.

## Girls' Schooling

It's our desire that the girls attend Preschool and Kindergarten this fall in order to learn language (though school is not required until 1st grade) We believe that it would be beneficial for them to acquire language before homework and grades become a factor. We have been told that the schools are full and they are currently on a waiting list. Fiami, an Italian Christian teacher, has offered to assist us in trying to find an opening somewhere. She is calling the public schools and exploring other avenues. She is hoping she will get farther being Italian. Pray God opens a door.
