

THE PETHTELS

Scott | Dominique | Isabella | Aria

Update

1. We will be continuing language studies with a private tutor for the next couple of months.

Family News

After another ultrasound and appointment with the specialist they have diagnosed the masses in Dominique's throat as cysts. They will continue to monitor them throughout the year to ensure there are no changes. Thank you for all the prayers!

Prayer Requests

1. Learning Language and Culture
2. New Bible Study Series beginning in our home
3. Michele's Salvation
4. Monika's Salvation
5. Girls adjusting to school.
6. Monthly Financial support

LOOKING FORWARD

Our family has now been in Italy for almost 8 months, and like any family in ministry we have had great successes as well as challenges. New Year's Eve we took the opportunity to reflect back over various moments of 2015. We were reminded how God has moved in the most incredible ways and how He was able to do so because individuals and churches put themselves in a position to be used.

University of Florence - Christmas Party

So after a joyous, relaxing Christmas and New Year's we began looking forward to how we could be used by God as we continue to help with the ministry in Florence. In addition, to assisting with the kids and worship ministries, this month we will begin leading and hosting a new Bible Study in our home that will focus on marriage and parenting. Pray for the individuals, couples, and families as we walk through this study together.

THANKFUL & BLESSED

Thank you to everyone that remembered our family throughout the Christmas Season. We had many Christmas cards, care packages, and extra financial gifts that made us feel very loved and blessed. It made our first Christmas away from home easier. Thank you for all your encouragement and support!!!
