Pethtel News

The past year Isabella and Aria were able to attend ballet classes.

Each girl loved the experience, which was capped off with an amazing performance on June 9th.

Dominique and I celebrated 9 years of Marriage on May 30th.

We were able to drive to Piensa (a small town in Tuscany). We had lunch and walked around the beautiful hills all before the girls had to be picked up from school at 4:30 pm.

Becoming LEGAL

In our last letter we told you about implementing our new deacons. Since then, with the help of our deacons, we have been working to become a recognized church within Italy. We talked with other missionaries and churches to find out the best way to approach the government to obtain the necessary legal paperwork. After, previously, going through the process to get visas we understood that just because it worked for one person doesn't mean that it will work for you. So, we asked all our partners to join us in prayer as we completed the paperwork and took it to the Notaio (notary) to become a recognized church. The process was rather simple and our Notaio was amazing. We can now call ourselves a Church within the eyes of the Italian government.

Thank You for your prayers!!! God answered abundantly.

Summer Furlough

This summer we are doing a short furlough to raise additional monthly support that we are lacking. We are excited to share with some of our partners what God has been doing in Italy, but also sad we won't be able to reconnect with everyone. NEXT TIME!
